Meet our NEW teachers!

Tennessee

I was born in Seattle, WA and was homeschooled by my mother and grandfather who are teachers. I have been working with kids as a music teacher and nanny for over 10 years. I like to study child development, neuroscience, and psychology in my own time. I have lived in Japan for 4 years playing music and working with kids. I have also lived in Los Angeles for seven years working as a nanny.

Darryl

I am from Brooklyn, NYC and went to college in North Carolina at UNCG. I referee professionally in my free time and have been for the last 10 years. I have approximately 15 years working with youth under my belt in afterschool programs, as a behavior specialist within the school system, as well as supporting at risk youth in the mental health field. I like to work with children because it's fun and they need people that care about them in all aspects of their lives.

Ben

I was born in Arizona to German immigrant parents. I grew up in Maple Valley, WA about 40 minutes south of Seattle. I love to read, write and make music. I love to teach kids about these subjects which is why I majored in English with emphasis on education and librarianship from Central Washington University. Working with youth is these ways is a passion. I am excited to be a part of Kids Club.

Monday, November 4th is OPEN ENROLLMENT for our FULL DAYS!!

11/25, 11/26, 11/27 (7am-6pm)

Please contact us if interested ASAP! First come, first serve!
