Meet Our New Staff

Aaron

Aaron has worked in afterschool programs for nearly 10 years! He enjoys Lego Robotics and video games. Enjoys playing with the kids and sharing his interests. We are excited to add Aaron to our Cafeteria 3rd and 4th grade team!

In the event of an unscheduled early school closure (due to sever incoming storm or earthquake, for example); Kids' Club will notify all parents that they need to pick up their child immediately after school. In the event that a parent cannot make it, the emergency contact will be notified. A staff member will stay at Kids' Club until all children have been safely picked up.

Bashir

Bashir is originally from the DC area and is a co-founder to the Crowd Control Collective, connecting artists and creatives to the Greater Seattle art scene helping to create community through collaboration. African American culture and community is a strong influence in his art. His community has always pushed him to be active, participate, learn and grow. Kids Club is excited to have Bashir as part of the team to bring his passion of community, collaboration, encouragement and creativity to our classrooms! Please introduce yourselves and chat with him if you would like to know more about him!
