Say HELLO to our NEW STAFF!

Jackie (Green Room)

I am from Covington, WA. I have been volunteering and working with children and adults for about 6 years. My goal here at Kids Club is to be inclusive, engaging and create a welcoming environment for everyone. I am part of a nonprofit organization called Warm Current that strives to teach the Native Youth how to surf. Being a part of this organization has given me perspective and has influenced me to want to work with younger people. I am also an artist, so you may see more art projects! I have college education and am also part of Association for Women in Science. I hope to one day make a difference for this planet and positively impact our youth.

Annamaria (Cafe)

I am from a small town off the coast of Washington. I have a large family and grew up around lots of children. I am a child of immigrants and am passionate about family and child advocacy. I attended Seattle Central College and received an Applied Behavior Science degree in social and human services. I am very excited to join the team and work with the kids and their families at Kids Club!

Nemo (Cafe)

I have worked in afterschool programs and with people for 6 years. I really enjoy music and am really looking forward to the Seattle sunlight!
